Wednesday, 28 June 2017 11:11 - Last Updated Sunday, 24 September 2017 19:02

2017 GBIF Asia Regional Meeting

This event will combine the 8th meeting of the GBIF Asia nodes with an expanded regional meeting aimed at strengthening the participation of Asian countries and institutions in the mobilisation and use of digital data relating to Asian biodiversity. In addition to node managers, participants will include GBIF Heads of Delegation, representatives from Asian countries interested in joining GBIF, and partner networks from the region.
